

# Big Sur

Our newest model is the largest option in our fleet. It's about 18 inches longer than the Mavericks model with 2x the storage space, while still being easy to drive and fit into most standard tent campsites. The bigger bed and updated layout make this the perfect ride for groups of 3-5 with the rooftop sleeper, or couples who want extra comforts.

Available in: Los Angeles, San Francisco, Las Vegas, Denver, Phoenix, Seattle, & Vancouver
